

MINIMUM STANDARDS AND CONSTRUCTION SPECIFICATIONS FOR WATER AND WASTEWATER SYSTEMS

PREFACE

The Citrus County Water Resources Department, Utilities Division is committed to providing cost effective, quality based water and wastewater service throughout the County. This manual outlines accepted materials and equipment, provides standard details for design, and provides technical specifications for the construction of these facilities.

Effective _____, this manual applies to all new water/sewer projects for developments within Citrus County's Utility Service Territory, including alterations of existing facilities, and provides a basis for planning of new facilities. It shall be adopted within the Citrus County Code as a technical manual. This manual and specifications shall apply to all new and/or modified utility infrastructure proposed for the Citrus County Utility service area and serves to insure adherence to the County Comprehensive Plan in the planning of utilities within the County.

Included in the manual is a material checklist to follow for the engineering and development community. Adherence to these materials will reduce design and review time by removing the need for shop drawing reviews by the Citrus County Utilities Division.

LIMITED USE STATEMENT

This document is part of a continuing process. The data and information contained herein is available as public information for the sole purpose of assisting Staff, Engineers, Contractors, Vendors, and others engaged in the Water and Wastewater industry, and who are doing business in Citrus County. The Utilities Division (UD) does not warrant, guarantee, or make any representations regarding the use or results of the use of the document contents in terms of corrections, accuracy, reliability, or otherwise. The user bears all risk of use of this document.

“Reproduction or translation of any part of this work beyond that permitted in Section 107 or 108 of the 1976 United States Copyright Act without the permission of the copyright owner is unlawful. This publication is designed to provide accurate and authoritative information in regard to the subject matter covered. The purchaser may make backup copies for his/her own use only and not for distribution or resale. No portion of this publication can be altered in any way and the publisher assumes no responsibility for errors, omissions, or damages, including without limitation, damages caused by the use of or revisions to the information contained therein.”

COMPLIANCE

Standards, Details, Specifications and other information contained herein were developed to meet or exceed general requirements of the waterworks industry and organizations such as AWWA, TEN STATES, ANSI, NSF, UL and others. Wherever references to these standards are made it is intended to refer to the latest edition of such standards.

In addition, the contents of this document fully complies with general requirements of federal and state regulatory agencies and adheres to FDEP FAC 62-500 through 62-699, appropriate sections.

ACKNOWLEDGEMENTS

Staff would like to thank participants in the Tampa Office of Reynolds, Smith and Hills. Staff also extends thanks to all others who assisted in gathering and providing information for materials and equipment which is noted in this document.

MINIMUM STANDARDS AND CONSTRUCTION SPECIFICATIONS
FOR WATER AND WASTEWATER SYSTEMS**

TABLE OF CONTENTS

SECTION (SUBSECTION)	PAGE
I. GENERAL	
(1) Basis	1-1 thru 1-10
(2) Plans Preparation	2-1 thru 2-8
(3) Water Systems Design Standards	3-1 thru 3-11
(4) Wastewater Systems Design Standards	4-1 thru 4-18
(5) Inspection Requirements	5-1 thru 5-2
(6) Project Acceptance	6-1 thru 6-4
(7) Measurement and Payments	7-1 thru 7-2
II. APPROVED MATERIALS FOR WATER & WASTEWATER	
(100) Check List for Citrus County Approved Materials	100-1 thru 100-10
(200) Standard Pipelines and Valves (Illustrations)	200-1 thru 200-24
(300) Standard Water System Materials (Illustrations)	300-1 thru 300-20
(400) Standard Wastewater System Material (Illustrations)	400-1 thru 400-12
III. GENERAL UTILITY SITE WORK - STANDARD DETAILS	III-1 thru III-25
IV. STANDARD DETAILS – WATER	IV-1 thru IV-23
V. STANDARD DETAILS – WASTEWATER	V-1 thru V-24
VI. GENERAL UTILITY SITE WORK SPECIFICATIONS	
(206) Site Preparation, Clean up, and Restoration	206-1 thru 206-3
(207) Demolition and Abandonment	207-1 thru 207-4
(208) Excavation and Earthwork	208-1 thru 208-14
(236) Nonferrous Metal Work	236-1 thru 236-4
(237) Structural Concrete	237-1 thru 237-10
(239) Equipment Requirements	239-1 thru 239-2
(241) Grassing	241-1 thru 241-5
(290) Cut, Removal, and Replacement of Paved Surfaces	290-1 thru 290-4
(291) Removal and Replacement of Sidewalk and Curbing	291-1
(292) Chainlink Fencing	292-1 thru 292-8
VII. WATER DISTRIBUTION SYSTEMS SPECIFICATIONS	
(350) Potable Water Piping & Incidentals	350-1 thru 350-29
(351) Water Valves and Appurtenances	351-1 thru 351-10
(352) Agency Clearances	352-1 thru 352-3

TABLE OF CONTENTS...Continued

SECTION (SUBSECTION)	PAGE
VIII. WASTEWATER COLLECTION & TRANSMISSION SYSTEMS	
SPECIFICATIONS	
(427) Manholes	427-1 thru 427-14
(428) Gravity Sewers	428-1 thru 428-19
(429) Wastewater Force Mains	429-1 thru 429-22
(430) Wastewater Valves & Appurtenances	430-1 thru 430-6
(433) Wastewater Pumping Stations	433-1 thru 433-38
(446) Specialty Coatings & Rehabilitation of Structures	446-1 thru 446-28
(447) Sewer Line Rehabilitation	447-1 thru 447-2
(448) Alternative Sewer Systems	448-1 thru 448-19
(472) Emergency Generator	472-1 thru 472-25
(475) Horizontal Directional Drilling (HDD)	475-1 thru 475-12
APPENDICES	
Appendix A – List of Standard Details	A-1 thru A-2
Appendix B – Water/Sewer Connection Fees	B-1 thru B-6
Appendix C – Bidding Forms	C-1 thru C-43
Appendix D – General Conditions (EJCDC)	N/A
Supplemental Conditions & Attachments	D-1 thru D-15
